

2ND INTERNATIONAL CONFERENCE
HYMOTEC

HYDROGEN Mobility Tech

Policy Framework, Market
Situation, Technology Enablers

March 18-19, 2025 in Munich

Main Topics:

- Current General Conditions
- Market Development – Hydrogen Infrastructure
- Hydrogen Refuelling Station
- Technological Requirements and Cooperation Models
- Hydrogen Applications

Chairman:

Matthias Brendel,
Protonik GmbH

Already confirmed lectures:

- What´s the alternative? Why cost of Hydrogen should be a showstopper for investment decisions?
Dr. Thomas Weiss, Managing Director, evety GmbH
- Sustainable Business Cases for Heavy-Duty Mobility across the Hydrogen Value Chain
Patrick Wienert, Head of Hydrogen Accenture IX EMEA, Accenture
- Generating a cleaner future – Renewable hydrogen and infrastructure for mobility applications
AirProducts
- Scaling up green hydrogen: Unlocking the future of renewable energy
Kareem Saudi, Business Development Manager, Quest One
- Hydrogen Drivetrains for commercial vehicles
Dr. Stefan Buhl, Chief Engineer Hydrogen Technologies Truck & Bus, MAN Truck & Bus SE

A conference organised by:

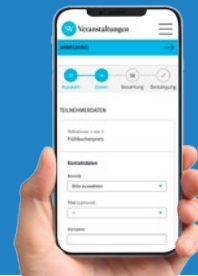

Main Sponsor:

Exhibitor:

Please register online

INVITATION:

The importance of hydrogen is steadily increasing. Especially for **commercial vehicles, ships** and **planes**, hydrogen seems to become a decisive propulsion technology, especially since no local emissions are released.

With hydrogen technology, we are only at the beginning. There are many questions on topics such as which **hydrogen technologies** exist, how can **green hydrogen** be produced cheaply and efficiently, how can hydrogen be **transported, stored** and **refueled**.

We cordially invite you to take on a presentation if you are in the process of implementing a hydrogen

project on land, at sea or in the air and would like to present your experiences to a top-class expert audience.

We look forward to hearing from you.

Target Group

C-Level as well as Managers hydrogen and Fuel Cells Experts, Strategy and Operations Leaders, Research Department, Clean Transportation Department, Business Development Manager of various industries such as Automotive, Commercial Vehicles & Busses, Ships, Railways and Aircrafts.

2nd International Conference

HYDROGEN MOBILITY TECH

March 18-19, 2025

Event location

Munich, SZ Tower

Hultschiner Straße

81677 Munich, Germany

Participation fee +vat (19%)

Early bird price (until January 1, 2025) 1,695 €

Regular fee 1,895 €

Services included in the participation fee

- Conference participation
- Documentation
- Refreshments in the breaks
- Lunch on both days
- Evening event on the first day of the event

Take advantage of our early bird discount until January 1, 2025 and save 200 €

SPONSORING and EXHIBITON:

You would like to present your products and services to the trade audience and services to the professional audience? Secure the presence of your target group as an exhibitor or sponsor.
